

OUR CORE VALUES

SAFETY FIRST CULTURE

Safety is City Asphalt's top priority. Our 'Safety First' culture has yielded multiple years of zero lost time injury incidents. This commitment to safe practices not only ensures the well-being of our team but also safer outcomes for Melbourne's road network, communities and our clients.

SUSTAINABILITY

We take our environmental responsibility seriously, implementing industry leading practices to minimise our impact. From noise control, emission reduction strategies and spill prevention technologies, to utilising high recycled content, low-emission asphalt mixes for all projects.

QUALITY

We are committed to unwavering quality standards, ensuring excellence for every project. Whether it's a major project or a local court bowl, we're all about delivering lasting pavements that speak for themselves.
